Antelope Acres Ranch Endless Potential!

If you're looking for an affordable west-side ranch, this could be the one! This Antelope Acres home sits on a 5-acre parcel, with plenty of room for horses, toys - and your imagination! The floorplan is a spacious 2 + 2, featuring a great, large living room with rock fireplace, an eat-in kitchen and a formal dining room or den - plus a large utility room/office and two full baths. The two bedrooms are both huge, and each feature walk-in closets. The home also features newer dual pane windows, a single car garage with workshop, outbuildings, animal pens and horse facilities including a large corral, 72' long stalls, enclosed on 3 sides and an 8 x 18 feed shed. 50' mobile home fixer could be a great guest house. The property needs some TLC and repairs and presents a great opportunity to build sweat-equity. A lot of potential on the desirable west-side – priced to move!

All measurements are approximate. Prices and availability are subject to change without notice.
